# Advanced Finance Academy

This class is designed for housing developers who want to use more complex financing sources for their projects. During class you will work — on computers — with the Colorado Division of Housing's rental underwriting proforma. The goal is to create financing scenarios that are both sustainable in the long term and provide the most affordability possible.

We will cover three in-depth case studies — acquiring existing rental property, preserving a rural rental property and building a new rental complex.

You will experiment with financing scenarios and learn the ins & outs of many different funding sources, including: Colorado Division of Housing (CDOH), Colorado Housing and Finance Authority (CHFA), Bank-Qualified Tax Exempt Bonds (BQTE), Community Development Financial Institutions (CDFI), Rural Development (RD), Private Activity Bonds (PAB) and Low Income Housing Tax Credits (LIHTC).

Following each case study, you'll interact with expert panelists to learn their tips & tricks for using each of the financing options.
